

15th Annual

Society for Airway Management Scientific Meeting

SEPTEMBER 16—18, 2011

**JW Marriott Camelback Inn Resort & Spa
Scottsdale, Arizona**

**Jointly Sponsored by
Society for Airway Management
& University of Massachusetts Medical School**

COURSE INFORMATION

COURSE DESCRIPTION: The Society for Airway Management (SAM) is comprised of a multidisciplinary group of physicians (Anesthesiology, Emergency Medicine, Otolaryngology, Critical Care, and Pulmonology) as well as CRNAs, paramedics and nurses. This course has been developed to feature international experts in the various fields of medicine dealing with airway management. Many aspects of difficult airway management, in a variety of clinical settings, are highlighted during this course. This course will consist of large group didactic lecture sessions, small group round table discussion sessions, Hands-On Workshops and Patient Simulator sessions, and Professor Poster Rounds. There is also an Abstract and Scientific Exhibit session with oral presentations of six selected abstracts from the most recent research in Airway Management.

Some of the themes at this year's annual meeting include "Innovations in Education and Information Dissemination", "Can We Accurately Predict the Difficult Airway?", "Expecting the Unexpected", "Current Controversies in Airway Management", "Innovations Outside the Operating Room", and "Dare to Share: Scary Cases in the Real World." The participants will be able to listen to and meet with world renowned airway experts from the fields of anesthesiology, emergency medicine, critical care, military medicine and academic training programs. International airway experts will discuss new modalities of airway assessment and management in the lectures, workshops and panel sessions, as previously described.

COURSE OBJECTIVES At the conclusion of this course, the participant will be able to:

1. Describe innovations in airway education and information dissemination.
2. Describe how airway algorithms differ around the world.
3. Discuss the uses and differences of various airway devices, during different airway scenarios, presented at the hands-on workshops.
4. Describe a variety of techniques for predicting the difficult airway in pediatric and adult patients.
5. Understand international perspectives on airway management from renowned speakers.
6. Understand and describe the potential complications of intubation and how to respond to these events.
7. Describe current controversies in airway management.

TARGET AUDIENCE: Anesthesiologists, emergency medicine physicians, otolaryngologists, intensivists, trauma surgeons, paramedics, certified nurse anesthetists, flight nurses and all other allied health professionals assisting with airway management should attend.

CALL FOR ABSTRACTS: Be a part of one of the most rewarding sections of the annual meeting. Plan to submit your abstract for consideration for poster presentation. In addition, a select group of abstracts will be nominated for oral presentation during the meeting. The top three abstracts will be awarded a SAM plaque in recognition for their outstanding contribution to the meeting and the advancement of airway management.

TRAINEE TRAVEL AWARDS: We encourage residents and fellows in training to submit their scientific works. A select number of resident abstracts will be awarded a cash stipend of \$500 to defray travel costs. Award winners will also receive free meeting registration. The trainee must be both author and presenting author of the accepted abstract. A letter from the Program Director confirming the resident is in good standing in their training program must accompany abstract submission.

SUBMISSION DETAILS:

1. 250 words maximum excluding title, authors, tables, figures or pictures. Abstracts exceeding 250 words will not be considered for acceptance.
2. Word document format, file sent via e-mail
3. Identify presenter by author's name
4. Deadline is June 1, 2011
5. Presenter will be notified via email
6. Submit to Thomas C. Mort MD at tmort@harthosp.org

ACCREDITATION STATEMENT: This activity has been planned and implemented in accordance with the essential areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the University of Massachusetts Medical School and the Society for Airway Management. The University of Massachusetts Medical School is accredited by the ACCME to provide continuing medical education for physicians.

DESIGNATION STATEMENT: The University of Massachusetts Medical School designates this live activity for a maximum of 17 *AMA PRA Category 1 Credit(s)*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

NURSING ACCREDITATION: This offering meets the requirements for up to 20.4 contact hours, as specified by the Massachusetts Board in Nursing (244-CMR 5.04).

AANA ACCREDITATION: This program has been approved by the American Association of Nurse Anesthetists for 17 CE credits; Code Number 33551; Expiration Date 09/18/2011.

Policy on Faculty and Provider Disclosure: It is the policy of the University of Massachusetts Medical School to ensure fair balance, independence, objectivity and scientific rigor in all activities. All faculty participating in CME activities sponsored by the University of Massachusetts Medical School are required to present evidence-based data, identify and reference off-label product use and disclose all relevant financial relationships with those supporting the activity or others whose products or services are discussed. Faculty disclosure will be provided in the activity materials.

CANCELLATION POLICY: If you cancel your registration before August 20, 2011 your fee is refundable less a \$50 processing charge. After that date, no refunds will be given for any reason including weather and other emergencies. Substitutions are always acceptable with prior notification.

DEADLINE: Pre-registration will be closed when space is full or on September 1, 2011 at the latest. Registration should not be mailed unless receipt before that time is guaranteed. On-site registration will not be accepted when space is full, so register early. Please note that on-site registration will be assessed an additional \$50 to the published registration fee.

Please call the UMass Office of Continuing Medical Education at 508-856-1671 to verify availability of space prior to arriving on-site to register.

WEATHER EMERGENCY POLICY: While the probability of delay or cancellation of the conference is highly unlikely, we recognize that we are subject to the vagaries of weather. If a weather emergency does occur, and you are in doubt as to whether or not the course will be held, call 508-856-1671 after 6:00 pm on September 15, 2011.

ADDITIONAL INFORMATION: The University of Massachusetts Medical School, Office of Continuing Medical Education Telephone: Registration 508-856-1671, Fax 508-856-6838, on-line www.umassmed.edu/cme/events

The Office of Continuing Medical Education reserves the right to cancel a program at any time caused by circumstances not under its control. Persons registered in a cancelled program will be notified by telephone, using the telephone number listed on the registration form. Registration fees will be refunded if the program is cancelled by the Office of Continuing Medical Education. There may be changes in program content caused by circumstances beyond the control of the Office of Continuing Medical Education.

PLEASE NOTE: The Office of Continuing Medical Education is not responsible for any transportation or accommodation reservations made 1) by anyone other than the Office of Continuing Medical Education or its agents, or 2) prior to receipt of written confirmation of course registration.

In compliance with the Americans with Disabilities Act, if you have any special needs, please contact the Office of Continuing Medical Education by August 31, 2011.

committee members

SESSION III:

CAN WE ACCURATELY PREDICT THE DIFFICULT AIRWAY?

Moderator:

Richard Cooper, M.D.

1:30 – 2:00 pm

Using Pre-Operative Endoscopy to Predict Difficult
Intubation
William Rosenblatt, M.D.

2:00 – 2:30 pm

Predicting the Difficult Pediatric Airway
Maria Matuszczak, M.D.

2:30 – 3:00 pm

Can We Predict Difficult Mask Ventilation?
Olivier Langeron, M.D.

3:00 – 3:15 pm

Panel Discussion

SESSION IV:

HANDS-ON WORKSHOPS & PATIENT SIMULATION

Moderators: Ashutosh Wali, M.D., Irene Osborn, M.D., Richard Levitan, M.D., Joseph Quinlan, M.D.

3:30 – 6:00 pm

Nine Workshop Stations, CHOOSE FIVE (Selection A counts as 2 choices) Please rank choices from 1-5. Every effort will be made to assign attendees their top choices, pending availability. Tickets will be given at the conference with station assignments. Please arrive at your assigned station on time

Station Choices:

- A. Fiberoptic Intubation/Airway Anesthesia (60 minutes)
- B. Videolaryngoscopy
- C. Supraglottic Airways
- D. Ultrasound Assessment of the Airway
- E. Surgical Airway
- F. Rigid Laryngoscopes, Bronchoscopes, Stylets, Extubation Devices
- G. Patient Simulator
- H. Pediatric Airway Devices
- I. CPR Training/Oxylator
